### FELLOWSHIP AUGUST 5, AT 12:45 P. M.

DEAR FELLOWS:

LOOK at 'em; count 'em. No, it's not a page from Chief Humphrey's gallery — it's the Fellowship Committee. Chairman Alex and his colleagues Warren, Charles, Bill, Frank, Bud, Earl, Dan and Ed will have charge of the meeting Friday. They haven't told me what they are going to stage but it's very likely to be a conglomeration of checkers, dope, palm beaches, roofs, coal, spectacles, car wheels and cigars.

They are the Fellows who are supposed to "promote friendship and acquaintance among the members and do such other work in pursuance of the general objects of the committee as may be assigned by the President, Board of Directors of the Club." So says the By-Laws.

Be there.

Yours for more Fellowship,

JACK, *Secretary.*
